ERRATA SHEET TO ORDER NO. 5354e

1. Page 19, Finding of Fact No. 38, line 10: The reference to "MFR pp. 10-12"  
should be made to USWC's MFR.

2. Page 25, Finding of Fact No. 50, line 4: The two appearances of the service name “Three-Way Calling” on this line, should be changed to “Call Waiting”.

3. Page 26, Finding of Fact No. 51, line 6: The service name “Call Waiting” should be changed to “Three-Way Calling”.

4. Page 28, Finding of Fact No. 58: The Quotation form MCI Exh, No. 3A, p. 19 should read:

With a Mountain Bell toll call imposing the exact same cost on the local exchange net work as does an MCI call, it is clearly anti-competitive for Mountain Bell to charge MCI more for access than it charges its customers for an identical toll call. This occurs most frequently in the evening, night, and weekend discount periods. Interexchange carriers do not receive time of day discounts on access. The result is that MCI and other interexchange carriers are paying a disproportionate share of the contribution for toll service. (MCI Exh. No. 3A, p. 19, Emphasis added)

5. Page 32, Finding of Fact No. 66, lines 1 and 2: The first sentence of this finding should read: At this time the Commission will not order USWC to impute CACs into its MTS prices.
